| HERBICIDES            |   |                                    |                        |
|-----------------------|---|------------------------------------|------------------------|
| Farmoz Product        | Product Description   | Active Constituent                 | Pack Size              |
| <b>Bobcat® SL</b>     | A versatile residual herbicide for control of a range of weeds including woody weeds in Pinus radiata plantations, pastures and rights-of-way areas. Can be applied by air, ground spray, spotgun or stem injection depending on the use situation.   | Hexazinone 250g/L                  | 10L                    |
| <b>Bushwacker® WG</b> | A selective systemic herbicide for post- emergence control of a range of broadleaf and woody weeds in pastures and rights-of-way. Can be applied by boomspray, handgun, gas gun or helicopter depending on the situation. Can also be mixed with Wipe-Out Bio when controlling Blackberry, Bracken, Gorse, Lantana, St John's Wort and Sweet Briar. | Metsulfuron Methyl 600g/Kg         | 500g                   |
| <b>Excalibur®</b>     | A residual herbicide for the control of a wide range of grasses and broadleaf weeds in non-crop areas including around agricultural buildings, rights-of-way and commercial and industrial areas.   | Sulfometuron Methyl 750 g/kg       | 1 kg                   |
| <b>Fightback®</b>     | A post-emergence herbicide for controlling a very wide range of noxious and woody weeds in non-crop areas, commercial and industrial areas, forests, pastures and rights-of-way. May be applied by ground, air, handgun, gas powered gun or CDA application depending on the use situation.   | Picloram 100g/L + Triclopyr 300g/L | 10L                    |
| <b>Flagship® 200</b>  | A readily translocated post-emergence herbicide controlling a wide range of broadleaf weeds in maize, millet and sorghum such as Bathurst and Noogoora Burr, Caltrop, Lantana, Milkweed, Blackberry Nightshade and Prickly Acacia.  | Fluoroxypyr 200g/L                 | 20L and 110L           |
| <b>Safari® 600 EC</b> | For the control of a wide range of woody weeds in pastures and non-crop areas. Also gives excellent control of Melons in fallow and sorghum crops.  | Triclopyr 600 g/L                  | 10 L                   |
| <b>Wipe-Out® Bio</b>  | For non-selective control of a wide range of annual and perennial weeds.  | Glyphosate 360g/L                  | 1L, 5L, 20L, 1000L     |
| <b>Wipe-Out® 450</b>  | The strongest glyphosate formulation in the Farmoz range, Wipe-Out Plus comes with a built-in surfactant to provide faster penetration and uptake by weeds. Wipe-Out Plus is rainfast in one hour.  | Glyphosate 450 g/L                 | 20L, 110L, 200L, 1000L |
| <b>Wipe-Out® Plus</b> |   | Glyphosate 210 g/L                 | 20L, 110L, 1000L       |

Rid your pasture of unproductive brush and woody weeds with Bobcat® SL, Wipe-Out® Bio, Wipe-Out® 450, Wipe-Out® Plus, Fightback®, Flagship® 200, Bushwacker® WG and Safari® 600 EC. These products control a broad spectrum of noxious brush and woody weeds including Blackberry, Bracken Fern, Lantana, Sweet Briar, Eucalypts and other woody weeds.
